

Ryan McNaught

ABOUT

Ryan 'The Brickman' McNaught is a LEGO® Certified Professional, one of only 14 in the world and the only one in the Southern Hemisphere.

In 2019 he joined Channel Nine's new hit TV show LEGO Masters Australia as the main competition judge along side host Hamish Blake.

Originally from the corporate world, a Chief Information Officer, Ryan's creativity was limited and bound by the constraints of his job, however the ability to express and create through a unique medium offered him an amazing opportunity; the ability to create something that both children and adults alike can be inspired by.

RYAN & THE LEGO COMPANY

Ryan became a LEGO® Certified Professional in 2011 after years of dedication and commitment to building unique and inspiring builds for many years.

The LEGO® Group are very particular about what products and brands they will associate with. This means that if your project involves brand or product then the model will need to undergo an approval process with LEGO® to ensure the project meets their brand guidelines.

Contact Ryan and his team today to find out more information and get started.
