

The Brickman Team

ABOUT

The Brickman is a team of skilled LEGO® brick artists and craftspeople led by Ryan McNaught.

Ryan and his team have built some of the worlds most detailed and largest LEGO® brick models. Having produced 5 globally touring exhibitions and hundreds of models for museums, galleries and shopping locations around the world, there really isn't anything that they cannot make out of LEGO® bricks.

Over the years Ryan and his team have won many awards for their works and they maintain a unique style which makes their creations some of the best and most recognisable in the world.

Based in Melbourne Australia, The Brickman team is looking forward to hearing from you with your ideas an inspirations for how you think that LEGO® bricks can be involved in what you do.

COMMISSIONS

We offer a variety of services, such as:

- LEGO® models and sculptures
- Architectural models
- Private commissions
- Events and exhibitions
- Appearances and media

The LEGO® Group are very particular about what products and brands they will associate with. This means that if your project involves a brand or product then the model will need to undergo an approval process with LEGO® to ensure the project meets their brand guidelines.

Contact The Brickman team today to find out more information and get started.

EXHIBITIONS

Brickman Cities for the first-time ever, features a brand-new collaboration with LEGO® CITY! Our latest LEGO® brick experience focuses on some of the world's greatest Cities, explores their history with LEGO® bricks and then invites you to build them into the future with millions of LEGO® bricks! With this show we've really pushed the envelope and combined classic fun Brickman models with cutting edge technology.

Brickman Awesome showcases the tallest LEGO® model in the Southern Hemisphere – a NASA SLS rocket standing at a whopping 7.5m tall and built from more than 450,000 bricks! The exhibition is made up of 35 of our biggest builds, featuring one of our biggest ever builds like a 2.5m Orca, the Delorean from the Back to the Future movies and the first life-sized LEGO® Harley Davidson!

With more than 50 awe-inspiring and never-seen-before models, **Brickman Wonders Of The World** takes visitors on a hands-on journey through history. Some of the models that will be showcased include a giant LEGO® Arc de Triomphe, LEGO® Empire State Building with Kong Kong, LEGO® Big Ben and a LEGO® Leaning Tower of Pisa!

The Brickman Experience collects together 60 original LEGO® brick models along with their own unique behind-the-scenes story, including original drawings and sketches. It has sell-out tours all across Australia and New Zealand, South America and the UK! Stay tuned to find out where we're heading next!

Towers of Tomorrow with LEGO® Bricks features some of the most iconic and eye-popping towers from across Asia & Australia including the amazing and self-contained city that is China's Shanghai Tower.

Built for Sydney Living Museums and currently on tour around the USA thanks to Flying Fish Exhibits!
